

## RAISING UP THE ELISHA GENERATION

That prophetic journey that we are all on must include a season of discipleship, the laying of that foundation for successful Christian living that is necessary in the heart of every believer. Equally important is that season in our lives of mentoring, where the hearts of the fathers turn to the children and the children to the fathers. This is the season when we identify the gift of God and the call of God upon an individual's life, when we build into them and we build into this next generation with practical skills and personal attention. We intentionally work with, talk with, walk with.

Unfortunately, in generations gone by, discipleship and mentoring have been the missing links. For many, they have had to go it alone, learning by trial and error, in the university of hard knocks. The right way, the Kingdom way, is the Lord's way. Jesus did practical leadership mentoring with his key group. He poured into them. The Lord has sent me a wonderful group of hungry hearts, spiritual sons and daughters. I've seen them step into their giftings and callings. I've been blessed to see the transforming power of the Holy Spirit raise them up, activated into the gift of prophesy. I've seen them walk in the anointing, living and leading on the prophetic edge. And for many I've seen them step into their five fold purpose and ministry. Indeed, I am a blessed man.

Our mandate here at Eagle Worldwide and our ongoing vision quest is the Elisha Project. We start out laying that foundation and then building upon it, as we equip and prepare this radical company of end time prophets! Who will learn to march on their knees? Praying Prophets - bringing forward a pure stream of the prophetic from the heart of God!

Does your heart yearn and burn? Can you get a witness about the urgency of the moment? Are you one of the ones that He is calling? Is He knocking on the door of your heart? Now is the time!

Most of us are being drawn, but we don't really have the time or availability or opportunity to just lay down everything we have, set everything aside and leave home. We cannot always quit a job for two or three years. Well, we at EWWM understand. Many of us were in that very same situation. We want to customize a practical training program, just for you.

If you have the time and opportunity, you can attend our full time Bible school in Hamilton Ontario, SMTC Spirit Ministries Training Centre. The next full time semester starts this coming January!

Or perhaps the program that would work for you would be some evening or weekend specialized seminars at some of our remote locations in Canada and the United States at the School of the Spirit. You can get specialized training on prophecy, the gifts of the Spirit, divine healing, deliverance, intercession, leadership, church government, and marketplace ministry. These are intense specialized training seminars for end time ministry. Or perhaps you can attend School of the Prophets that we

hold each summer. SOP is nine days of intense training, demonstrations and activations into your prophetic gifting. Literally hundreds and hundreds have been activated into the prophetic during that week at Summer Camp in Copetown, Ontario.

Maybe you're entering your Office gifting now and you need to join one of our mentoring groups for emerging Prophets. Maybe travel, time, or other logistics won't allow you the opportunity to take advantage of these options. Well, I have good news for you! We have established the Elisha online program just for you! This program is online, interactive, personalized mentoring!

I'm not going to tell you it's easy, because it isn't! But there is an ease in the Glory! There is an ease and a release of grace and favour when you step up and step into the right alignment and answer the call of God that is on your life.

Contact me, call me, connect with me. We want to be there for you. For more information on the Elisha Project and how we can customize to your needs, please visit [www.ElishaProject.ca](http://www.ElishaProject.ca)

I want to customize something just for you, something that's going to work for you and enable you to walk into your prophetic destiny! Looking forward to connecting with you!
