

SEND THE FIRE

It's a burning passion in my life the manifest Presence and Power of God, the Glory of God made real. That season where Heaven invades Earth. I was birthed and re birthed in the fires of Revival and spent 3 1/2 years in the midst of one the greatest moves of The Spirit in Church history in Pensacola Florida. I've had the honour of spending many years at the eye of the storm including a year in Ashland, Virginia sitting under the ministry of Ruth Ward Heflin in "Revival Glory." Once you've tasted of true Revival nothing else will do.

My heart is once again burning for Revival. The more I travel throughout the Body of Christ the more I realize that we need a fresh move of The Spirit more then anything else in The Church today. I had myself pretty well convinced that it was time for Transformation / Awakening but after further thought prayer and meditation, I truly believe in order for the Church to do Her part in transforming and impacting our society she first needs to be refreshed and revived again!

When I hear someone being introduced by the title Revivalist the sound is music to my ears. However most times when I take a closer look they have confused this title with a traveling itinerant minister such as a Prophetic Evangelist or teacher or healing Evangelist etc. The true Revivalist regardless of there root five-fold gifting, calling or title will be an individual with Fire in their bones. This burning desire that will be all consuming for The Presence and Power of God. We the Church have done this many times before in many ways - like mistaking a missionary for an Apostle or an Intercessor for a Prophet because of their gifting or operation at that time

Sometimes I see a sign or a post or an announcement of upcoming services such as Revival Friday thru Sunday 7:00 Pm. I remember the great Revivalist Steve Hill of the Pensacola Outpouring saying you can no more schedule a revival then you can a Hurricane or Tornado; it's an act of God !

I fondly look back on those wonderful moments of revival in my own life. The sights and sounds of Revival but most importantly, I recall the life changing power and presence of God in me and the lives of people I've known.

I remember the long lines of people in Pensacola, FL at Brownsville Assembly of God church. They would start lining up sometimes at 8:00 am or before that for 7:00 pm service. People from all across America and around the world. When you spoke to them, they didn't come for the music, even though Lindell Cooley was a great worship leader. I don't think many of them came because Steve Hill was a great teacher or preacher with a seeker-friendly, feel-good, ear tickling-message; although he was a great Evangelist with an incredible heart and hunger for souls. The message that was on his heart night in and night out was pretty much the same as the Prophets of old, "Repent YE for the Kingdom of God is at hand." An urgency to come now to the Mercy Seat!

Week in and week out, year in and year out, it produced the same results, the fruit of revival, salvations, healings, deliverances, re-dedications, changed lives. Refreshed and revived men and women from all walks of life crying out to God at the altar in the love, power and presence of God. My life and my family along with so many others were impacted and forever changed.

I thank God for all the times and places He has moved...Azusa St., Toronto, Wales and so many others. I thank God for all the men and women He's used. I thank God for every prayer warrior, every intercessor and every prayer they ever prayed. I don't care how You do it Lord or what it looks like or who you use.

Do what only you can do ..."Send The FIRE " today !
